WE LIVE TO SWIM

AQUA SPHERE

Established in Genoa, Italy, in 1998 Aqua Sphere was launched by Aqua Lung, the world's leader in scuba diving and snorkeling equipment. Today, with a global footprint in over 60 countries, Aqua Sphere is the premium swim optics manufacturer for swimmers and triathletes.

Aqua Sphere is dedicated to meeting the needs of everyday swimmers who enjoy swimming at a variety of levels and for a variety of reasons: adventure, fun, fitness, stress relief and more. For Aqua Sphere, people are true swimmers not because of how or why they swim, but because they do swim. With these swimmers in mind, Aqua Sphere created premium products that enhance their experience in every body of water they choose to explore.

SWIM GOGGLES & MASKS

The genesis of the Aqua Sphere Brand is in our Swim Goggles and Masks. Developed from our core engineering of precision Aqua Lung dive mask technology, the Aqua Sphere difference starts with a best in class seal and unrivaled visibility, equating to crystal clear underwater vision and long-lasting comfort.

Our new focus is delivering proprietary geometric designs made from Italian craftsmanship eye protection with specific lens technology to enhance the swimmers' experience in any body of water.

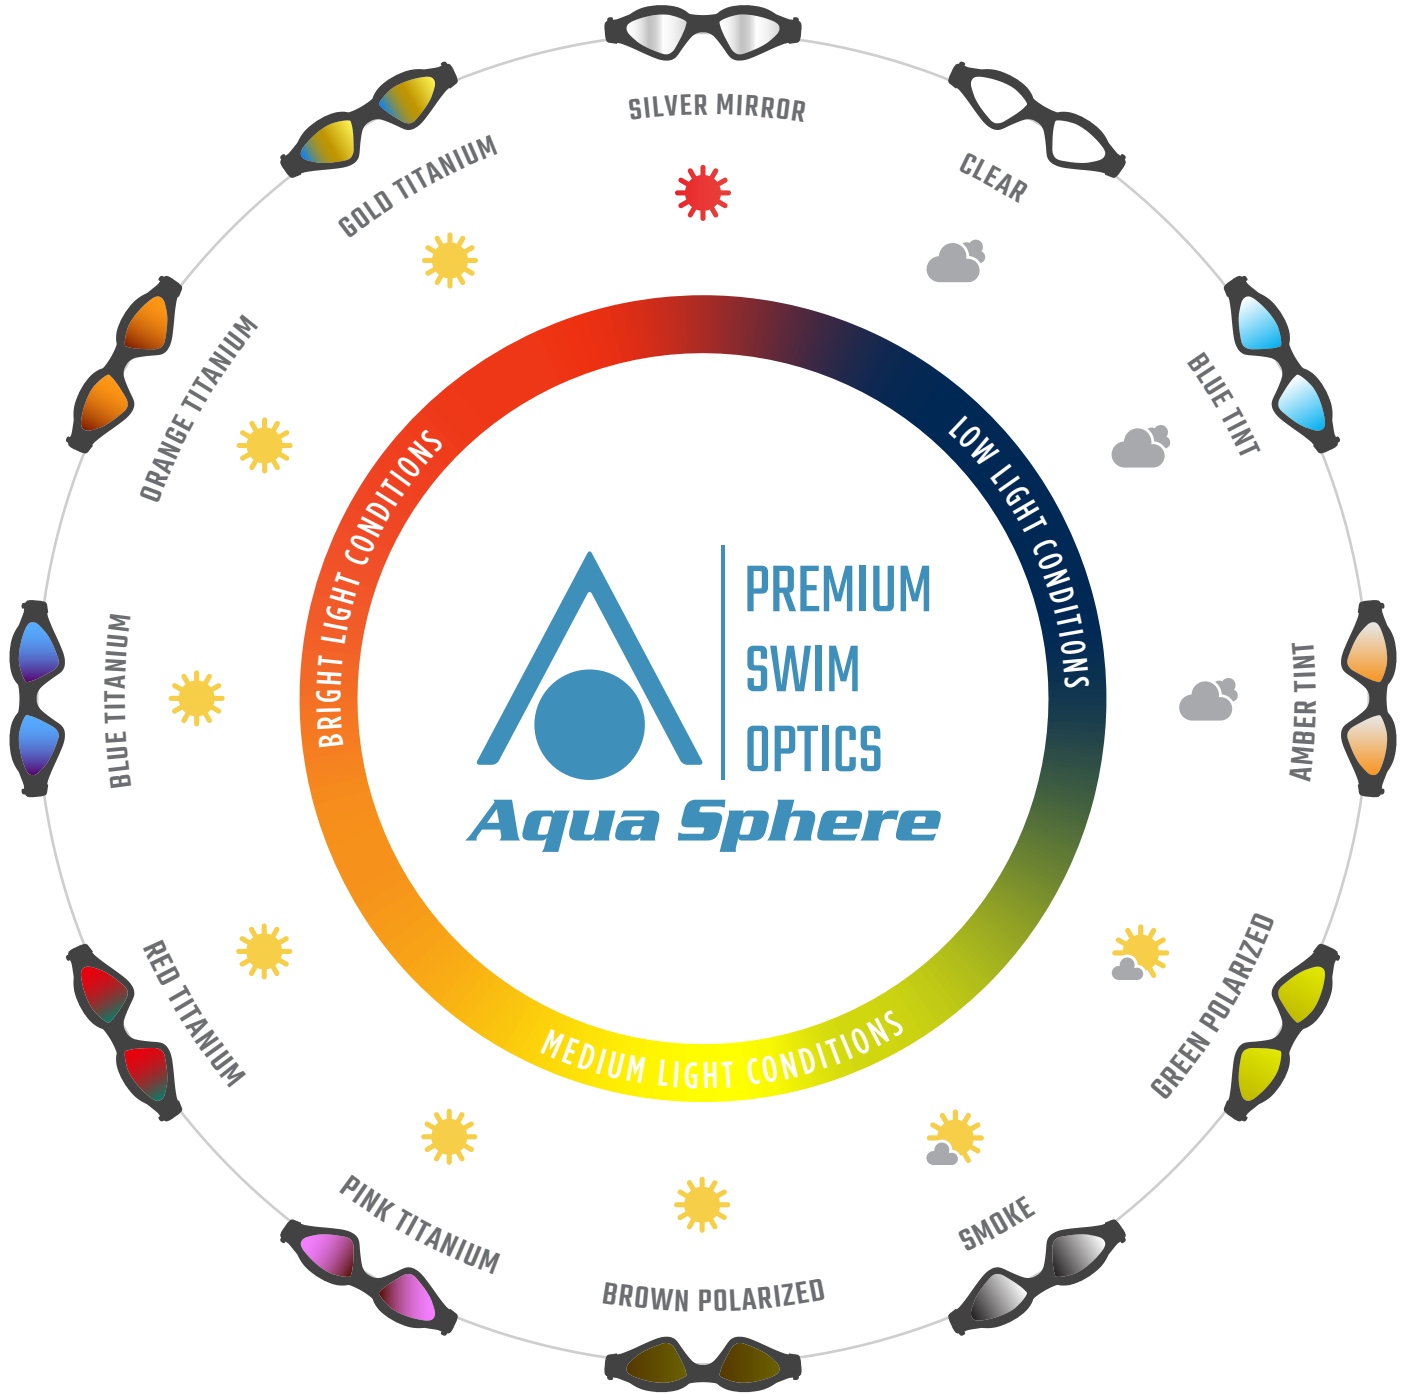

Aqua Sphere creates goggles and masks for advanced protection in the open waters of the ocean, the lane lines of a competition pool and in the comfort of your neighbor's backyard.

Designed for adults and youth, we place vision and comfort first.

AQUA SPHERE LENS TECHNOLOGY

AVAILABLE LENS OPTIONS

CLOUDY / OVERCAST | PARTLY SUNNY W/ CLOUDS | SUNNY | VERY BRIGHT CONDITIONS

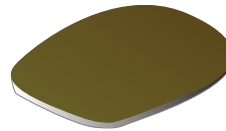

AQUA SPHERE PREMIUM SWIM OPTICS

Aqua Sphere's Premium Swim Optics offers a full assortment of performance engineered lenses in a wide range of tints to enhance your vision in conditions ranging from the lowest of light to the highest of sun. Every lens filters harmful UV rays and provides a durable antifog coating for clear vision. Whether you're swimming early in the morning, when it's overcast and grey, or when the sun is fully shining during your afternoon training, Aqua Sphere has the best lens options for every swimming condition.

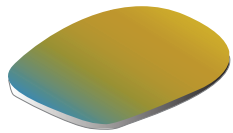

SILVER MIRRORED

- Provides the maximum light filtering during very extreme bright conditions. Maximum protection against harmful UV and infrared rays.
- **Environment:** Bright outdoor sunny conditions.

BROWN POLARIZED

- Polarized lenses decrease light transmission to the eyes and filter bright light reflections seen on the water surface, reducing glare and discomfort to the eyes. Makes objects appear clearer and sharper, increasing visual clarity and comfort.
- **Environment:** Outdoor swimming in bright light conditions or when the sun is low on the horizon.

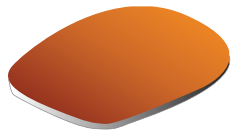

GOLD TITANIUM MIRRORED

- Offers sun and glare protection providing maximum visibility during bright conditions and on those cloudy days with lots of reflective glare.
- **Environment:** Outdoor sunny or cloudy; and for indoor swimming with a lot of artificial light.

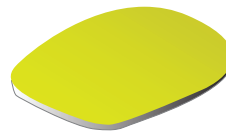

SMOKE TINTED

- Significantly reduces light transmission to the eyes while maintaining natural contrast and color saturation making the lens a perfect all-around choice.
- **Environment:** Ideal for sunny outdoor swimming and bright light conditions.

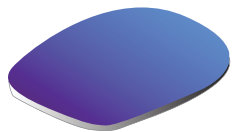

ORANGE TITANIUM MIRRORED

- Offers sun and glare protection for maximum visibility in bright conditions and cloudy days with lots of reflective glare. Enhances color contrast and shape definitions.
- **Environment:** Ideal for outdoor swimming in sunny conditions.

GREEN POLARIZED

- Polarized lenses decrease light transmission to the eyes and filter bright light reflections seen on the water surface, reducing glare and discomfort to the eyes. The green polarized cuts the blue rays that fatigue the eyes when swimming for long durations of time.
- **Environment:** Ideal for long outdoor swimming during mid-day hours.

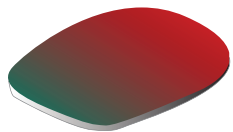

BLUE TITANIUM MIRRORED

- Delivers maximum contrast and enhances warm colors in full sun while eliminating reflective glare. Perfect lens to spot the buoys out on the open water.
- **Environment:** Outdoor swimming in sunny conditions.

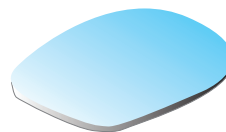

AMBER TINTED

- Amber lenses enhance the light offering clearer vision and increases color contrast for an adaptable, all-around lens option.
- **Environment:** Indoor and cloudy outdoor swimming.

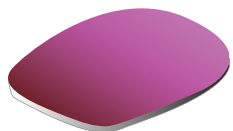

RED TITANIUM MIRRORED

- Offers sun and glare protection for maximum visibility in bright conditions with lots of reflective glare on the water. Filters infrared rays, thus enhancing color contrast and shape definitions.
- **Environment:** Ideal for outdoor swimming in sunny conditions.

BLUE TINTED

- Blue tint lenses are considered a great all-around lens option as they reduce glare during foggy, misty days and offer good UV filtering.
- **Environment:**
 - Best for indoor swimming, and low light conditions.
 - Ideal for learning to swim.

PINK TITANIUM MIRRORED

- Offers sun and glare protection for maximum visibility in sunny conditions. Enhances color contrast against the blue water and relaxes the eyes.
- **Environment:** Ideal for outdoor swimming in sunny conditions.

CLEAR

- Clear lens transmits a natural light, making it ideal for low light and indoor conditions for maximum visibility.
- **Environment:**
 - Ideal for indoor swimming and low light conditions.
 - Ideal for learning to swim.

MADE IN ITALY

Born in 1998 in Genoa, Italy, Aqua Sphere began a quest to create the most comfortable eye wear for swimming. The innovative seal swim mask was truly revolutionary, introducing unparalleled peripheral vision with its curved lens technology, easy-to-adjust straps, and long lasting comfort. Aqua Sphere continues to lead the industry, developing technologies that improve performance, fit, and comfort in any use, casual or athletic. **“Made In Italy with Aqua Sphere Technology”** equals superior research, craftsmanship and design.

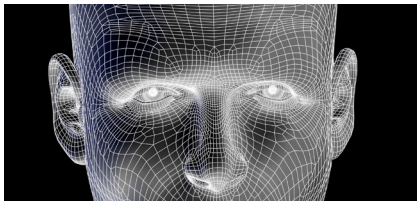

AQUA SPHERE CURVED LENS TECHNOLOGY

Our curved lens technology offers the clearest possible visibility through superior optics engineering based on 3 key placed radii, virtually eliminating distortion while delivering an uninterrupted, 180° wide field of vision with exceptional hydrodynamics.

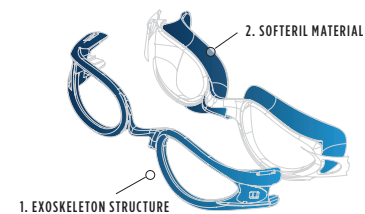

FACIAL GEOMETRY

No two faces are alike. Understanding facial geometry is both an art and a science. Every year, the Italian design team continues to refine and improve the fit of our masks and goggles. Aqua Sphere eye protection offers an optimized fit, unequaled comfort and performance to the widest possible range of facial shapes.

EXO-CORE™ TECHNOLOGY

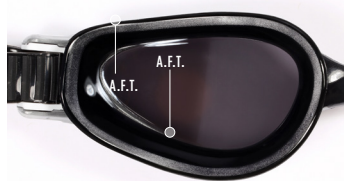

Exo-Core™ is Aqua Sphere's best-selling technology. The bi-material frame technology combines exceptional stability with maximum comfort. The two materials are a marriage of:

- Semi-rigid exoskeleton for lens protection and integrated structure
- Ultra soft Softeril material offers a streamlined, lightweight design with enhanced durability

AVAILABLE IN: KAIMAN EXO

ADVANCED FIT TECHNOLOGY - AFT

The patented A.F.T. is integrated into the gasket design, offering an enhanced watertight seal around the eyes and maximum comfort. Alternating matte and polished zones on the gasket, it reduces the marks on the skin after swimming by providing a softer grip to the face.

AVAILABLE IN: KAIMAN EXO, VISTA PRO, SEAL 2.0

FIT SYSTEM

Aqua Sphere Fit Systems are simple to operate. Micro adjustments allow for the precise tension and most comfortable fit without need for over-tightening. The combination of our facial geometry research, advanced materials and amazingly simple-to-operate buckle systems guarantee you the perfect, leak-free fit every time.

QUICK FIT

An easy to operate, push button buckle adjustment makes tightening and loosening quick and simple, even while wearing. The low profile, micro-metric strap adjustment buckle streamlines the goggle and improves strap adjustment precision and comfort.

QUICK-FIT
BUCKLE

AVAILABLE IN:
KAYENNE, VISTA, VISTA JR, VISTA PRO

PIVOTING QUICK FIT BUCKLE SYSTEM

Utilizing the easy to operate, Quick Fit push button buckle system makes tightening and loosening quick and simple. Now paired with a Pivoting Buckle that adjusts and rotates to the shape of the head for comfort and fit.

PIVOT BUCKLE

AVAILABLE IN:
VISTA PRO

E-Z ADJUST

The EZ Adjust buckle is a low profile, micro-metric strap adjustment buckle that streamlines the goggle while allowing for precise strap adjustment. Simply pull the straps back to your desired level of tension for a leak free fit, or lift the buckle tabs and pull the goggle forward to loosen.

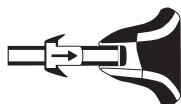

AVAILABLE IN:
KAIMAN EXO, KAIMAN, SEAL 2.0, KAYENNE JR, MAKO, EAGLE, MOBY KID, SEAL KID 2

STRAP MANAGEMENT SYSTEM

The new patented Strap Management System enables the two straps to stay in uniform formation offering quick hassle-free adjustments and provides greater level of stability during dives and turns.

AVAILABLE IN:
FASTLANE

ADULT

From the committed fitness individual to the triathlete who enjoys the open water. This series of goggles and masks integrate Aqua Sphere's premium lens technology providing lens options that cut through the water glare offering options for all indoor and outdoor swimming conditions, plus provide wide lens options for open water viewing and comfort. Give yourself the best possible vision while you explore your favorite body of water.

VISTA PRO

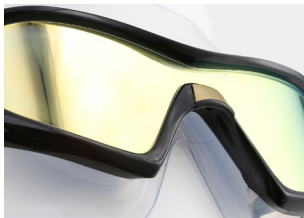

FIRST SINGLE LENS SWIM MASK

NEW COLORS

- Made in Italy
- First Single Lens Mask
- Curved Lens Technology
- 180-degree Distortion-Free Visibility
- One-touch, Quick-Fit Buckle the perfect fit with simple adjustments
- New Pivoting Buckles System for comfort
- Advanced Fit Technology (AFT) increases seal integrity and comfort
- Comfortable, leak-resistant Silicone skirt
- UV Protection
- Durable Polycarbonate lenses with anti-fog coating (all the lenses) and antiscratch (mirrored lenses only)
- Latex free, hypoallergenic

The Vista Pro is the first Aqua Sphere single lens swim mask. Utilizing the latest technologies, we have developed a new AFT featured silicone skirt, and offer a wide range of different tinted lenses to make the Vista Pro unique in this market segment. Titanium mirrored, tinted and clear lenses coupled with our best selling Curved Lens Technology are available to satisfy any open water swim condition. The new buckle system integrates a new pivoting technology providing two important benefits: structural stability and fit.

STABILIZING NOSE BRIDGE

E-Z ADJUST BUCKLE

Designed for youth ages 6-15. With its unique, oversized lens design, the Kayenne combines expanded 4-point vision with superior hydrodynamics thanks to its low-profile micro-frame. This combination makes the Kayenne Jr a perfect choice for competition, whether in a pool or open water.

OPEN WATER

The Aqua Sphere performance wear range was developed in order to provide triathletes and open water swimmers the best training and performance wear engineered for an aquatic environment. Aqua Sphere's design team is focused on delivering the most comfortable, performance enhancing products so you are at your best in the open sea.

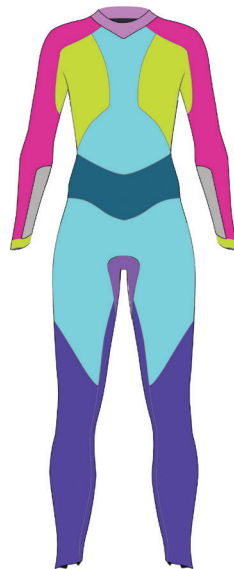

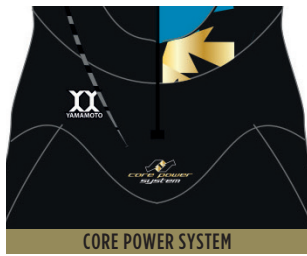

PHANTOM V3

ELITE TRIATHLETE WETSUIT

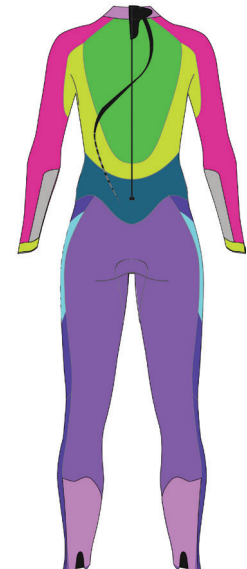

The enhanced Phantom provides an increased range of motion with strategically placed 1.5mm Yamamoto 40 panels and reinforced waist panels for posture support. The Phantom provides warmth, flexibility, comfort and speed. This is our most technological wetsuit designed for the most elite athletes.

- **Bio-Stretch Zone:**
Strategically placed 1.5mm panels (under arms and lower back), 1mm panels (arm, shoulder and collar)
- **Core Power System:**
Internal support system that improves posture, enhancing hip rotation and lengthening stroke
- **5mm Aqua Drive core**
body panel maximizes buoyancy and reduces drag thanks to Aerodome Neoprene
- **Thermo-Guard technology**
on chest, shoulders and legs to retain body heat
- **Quick-release ankle**
transition panels (horseshoe-cut design) for improved transition time
- **Extended length, reverse-pull zipper**
with leash for easy on/off and quick transitions
- **Aqua-Flex collar seal**
to keep water out and prevent chaffing and restriction
- **SCS-Coated Yamamoto 40**
Super stretch, Neoprene for ultimate flexibility
- **UV Protection**

PHANTOM SPEEDSUIT V3

ELITE TRIATHLETE SPEEDSUIT

MEN

WOMEN

- **Exo-Core technology**
combines 2 kinds of fabrics for compression and freedom of movement
- **Aqua Core high compression panels**
conserves quads during swim
- **Integrated Core Power system**
improves posture and core stability
- **High frequency welded seams**
deliver optimum hydrodynamics, comfort, and anti-chafing
- **Water repellent treatment**
for superior glide
- **Locking zipper**
feature on the back of the suit helps to reduce drag. Seams have been thermo bonded to ensure comfort and help prevent chafing

The Phantom Speedsuit is engineered with Phelps exclusive Exo-Core technology, a combination of Exo-Foil and Aqua Core in relationship with Triathlon Wetsuit Core Power System. The innovation provides the Elite Triathlete an amazing new swim sensation that conserves their core leg and back muscles while maintaining freedom of movement and allowing them to reach their utmost potential.

AQUA SKIN TECHNOLOGIES

- **DURA GLIDE SKIN NEOPRENE**
1.5mm Glide Skin neoprene. Ultra soft for comfort, water repellent and fast drying

- **SUPER STRETCH**
Super stretch fabric

- **BLIND STITCHED**
Watertightness given by panels glued and blind stitched

- **QUICK DRYING**
Fast drying material

- **THERMO GUARD**
Thermo Guard technology - Warmth, maximum flexibility and range of motion in the shoulders legs and chest

- **AQUA FLEX COLLAR**
Double lock neck with Aqua Grip seal - Double layer maximizes comfort keeping water out of the suit

- **UV PROTECTION**
100% UVA / UVB protection

TRIATHLETE WETSUIT TECHNOLOGIES

- **QUICK DRYING**
Quick drying with super stretch fabric

- **BOOSTER PAD**
Strategically positioned sections of the forearm, externally coated with a super-stretch material engineered to increase traction during the pull phase of the stroke, maximizing forward propulsion

- **CORE POWER SYSTEM**
Internal-Adjustable belt support - Improves posture enhancing hip rotation and lengthens stroke

- **BIO- STRETCH ZONE**
Strategically placed 1.5mm - 2mm stretch zone - Allows for max range of motion

- **THERMO GUARD**
Thermo Guard technology - Warmth, maximum flexibility and range of motion in the shoulders legs and chest

- **UV PROTECTION**
UV protection

- **AQUA FLEX COLLAR**
Watertight seal with maximum comfort through its double layer, ultra-fine design which minimizes neck chaffing

- **YKK ZIPPER WITH LEASH**
Extended length, YKK zipper with leash for easy on/off and quick transitions

SWIM GLOVES

LOW IMPACT RESISTANCE

- Neoprene construction is comfortable, durable and quick drying
- Webbed fingers provide low-impact resistance
- Hook & loop wrist closure ensures secure fit

SMALL
ST1704040S

MEDIUM
ST1704040M

LARGE
ST1704040L

ERGOBOARD

LOWER BODY AND CORE

- Focused core and lower body workout
- Multiple hand positions for comfort
- Made of non-water logging, EVA foam

ORANGE/BLUE
ST1220840

CLASSIC KICKBOARD

LOWER BODY STRENGTH

- Compression molded EVA foam is durable, chlorine resistant and will not water log
- Hydrodynamic design reduces drag

BLUE
ST1134040

P2K (PUSH PULL KICK)

UPPER AND LOWER BODY STRENGTH

- Versatile tool: a kick board, pull buoy or resistance trainer
- Pull buoy provides the flotation for isolating upper body
- Kickboard is easy to hold and strengthens the lower body
- Designed for upper body pull and push resistance exercises

ORANGE
ST1230808

AQUA-X CORE BELT

WATER EXERCISE

BLACK/GREEN
ST1690103

- Articulated foam for ergonomic fit
- Stretch zones prevent belt from riding up
- Easy-adjust, two-way buckle
- Neoprene construction
- Mesh zones accelerate drying

SEA-CLR

ECO FRIENDLY ANTI-FOG

SA2040940T

- Clean and restore plastic lenses for swim goggles
- Crystal vision and anti-fog guard
- Environmentally safe
- Physiologically safe
- Anti-fog
- Scratch-resistant
- No eye irritation
- Reef safe formula

MADE IN ITALY
WITH **Aqua Sphere** TECHNOLOGY

AQUASTOP

WITH CASE

SA1140808

- Soft, silicone covered nose pads provide unparalleled comfort and a tight fit
- Case included

EAR PLUGS X4

FOUR PLUGS WITH CASE

SA1130000

- Moldable, soft ear plugs made of hypoallergenic silicone
- Reusable plastic box
- Includes 4
